Review of 2019-2021 Action Plan

PRINCIPLE 1 Recognition of the importance of recruiting, selecting and retaining researchers with the highest potential to achieve excellence in research.		
Actions	**Progress Made**	**Success Measures**
1.5a: Roll-out of the on-line training module for panel members.	Complete:	

ACTION 5.1: Review and update Guidelines for Good Research Practice.	**In Progress** The Guidelines for Good Research Practice has been partly superseded by a DMU Research Ethics Code of Practice (February 2021, and to be reviewed every year). It also overlaps with new and existing policy documents including DMU's Policy on Managing Open Access, DMU's Policy on Managing Research Data. Running in parallel, every two months, are live training sessions on research ethics and integrity (currently available online). Other supporting guidance of good research practice have also been rolled out -- e.g. GDPR and research, ethics and internet-mediated research etc.	Principles and up-to-date guidance on research practice available to staff and students to set and manage expectations
ACTION 5.2a: Capture support/training provided by Enterprise and Business Development Team in the RDF mapping exercise.	**Complete** Enterprise training has been embedded into the Researcher Development Programme at DMU for staff and regular review/discussion with the Enterprise team will see continuing and increased provision to support researchers' actively interested in KTPs, consultancies and other business development opportunities.	Take-up of enterprise-related training; tracking of take-up on enterprise activities following training
ACTION 5.2b: Build in formal communication process between Researcher Development Forum and the Enterprise and Business Development Team to ensure two-way flow of information relating to researcher development in this area.	**Complete** The appointment of a new Pro Vice Chancellor for Research and Enterprise is the first step to formalising the two-way flow of information relation to researcher development in this area. There is representation for each group at the other's meetings (research representation on Enterprise committee and vice versa). The teams have also come together for the Knowledge Exchange Framework submission. There are also regular monthly meetings between the Directors of Research and
